

Project Description:

Medical Microwell Plate

Customer Challenge

Aggressive product to market requirement. Several design and manufacturability issues and concerns.

PTI Solution

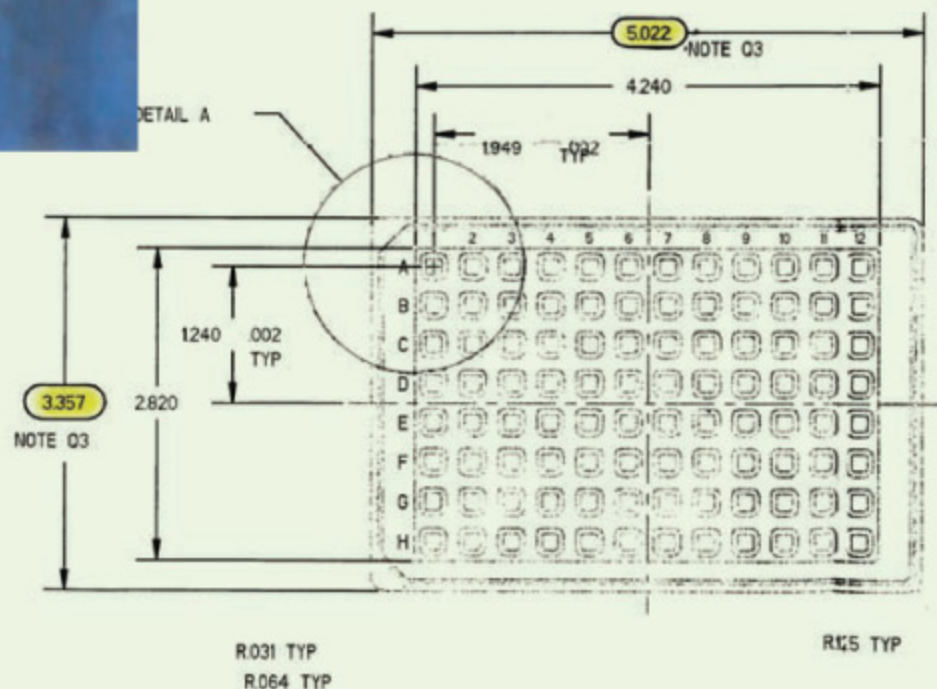

Delivery of qualified product in less than 4 weeks. Several product manufacturability issues resolved without compromise to customers design and product intent.

Project Details:

Material:	Dow Styron 685D
Tool Type:	P20 Steel
Delivery:	4 Weeks
Tool Life (Guarantee) :	300,000 pcs.

Performance:

Critical Dimension:	5.022
Tolerance:	+/- .005(.13)
Initial Capability (CPK) :	2.99
On-Going Capability (CPK):	2.86
Parts Molded to Date:	410,000 pcs.
